

CHAPTER 7 REFERENCES

Table 7-1 provides a list of references used in preparing the Environmental Impact Statement (EIS). If the reference is used more than once in the EIS, only the location of the first occurrence is provided. Information for the reference include author, year, title, month, and day if available. The federal laws and statutes, Executive Orders (EOs), United States Department of Transportation (USDOT) Orders, Federal Aviation Administration (FAA) Advisory Circulars (AC) and Orders, and other federal guidance considered during the preparation of this EIS are listed in Section 2.10, *Listing of Federal Laws and Regulations Considered*.
