

The recommended changes to the Noise Compatibility Program (NCP) consists of updates to the following recommendation from the 2007 Part 150 Study:

Measure OP-18:

Currently Approved Measure: Assign heavy (>255,000 lbs) aircraft departures to Runway 27 during the nighttime hours (10:00 pm to 7:00 am)

Recommended Measure: Assign heavy (>255,000 lbs) aircraft departures to Runway 27 during the nighttime hours (10:00 p.m. to 7:00 a.m.). This preference for Runway 27 is not intended to restrict the use of other runways, such as Runway 18L/36R or Runway 18C/36C, when wind, weather, and operating conditions require.
